**EXECUTIVE ORDER NO. 2020-07**

**"AN ORDER MANDATING ALL HOSPITAL INSTITUTIONS AND HEALTH FACILITIES IN THE CITY OF SAN PABLO, WHETHER PUBLIC OR PRIVATE, INCLUDING THE SAN PABLO CITY MEDICAL SOCIETY, TO ACTIVELY PARTICIPATE IN THE SURVEILLANCE, RESPONSE AND MANAGEMENT OF SUSPECTED CASES OF COVID-19 (2019-nCoV Acute Respiratory Disease (ARD))"**

WHEREAS, on March 11, 2020, the World Health Organization (WHO) has declared the COVID-19 outbreak as pandemic in magnitude in view of the global spread of the new disease of international concern;

WHEREAS, such COVID-19 threat was initially addressed by President Rodrigo Roa Duterte when he issued Proclamation No. 922 on March 08, 2020 declaring a *"State of Public Health Emergency"* throughout the entire Philippines, thereby empowering all government agencies and Local Government Units (LGUs) to mobilize the necessary resources to undertake critical, urgent and appropriate response and measures in a timely manner to contain or prevent the spread of COVID-19 and mitigate or curtail its effects and impact to the community;

WHEREAS, on March 16, 2020, Proclamation No. 929 was separately issued by President Rodrigo Roa Duterte declaring a *"State of Calamity"* throughout the Philippines due to COVID-19 which further provides the National Government and the Local Government Units (LGUs) the ample latitude in their disaster preparedness and response efforts to contain the spread of COVID-19;

WHEREAS, recent verified reports revealed that there are hospitals and health facilities operating in the City of San Pablo that openly refuse or decline to respond to and manage patients showing ARD signs, such as Influenza-Like Illness (ILI) or Severe Acute Respiratory Illness (SARI), or other symptoms suspectedly related to 2019-nCoV;

WHEREAS, such distressing non-cooperation towards an immediate and vital response to and management of such patients is a clear transgression of the presidential mandates and directly in contravention of the strenuous efforts exerted by the whole government in order to preclude or eradicate the highly probable spread of the lethal virus, not only in the City, but likewise in the neighboring communities;
